

## LET IT RIDE BONUS

*Let it Ride Bonus* is based on the five card stud poker game and designed to let guests control two of their three bets wagered. Players do not play against the dealer or other players.

**BETS:** Each player places three equal bets.

**THE DEAL:** Each player receives three cards.

**THE PLAY:** Try to get the best possible poker hand by using your three cards and the two cards added from the dealer's two community cards. To do this, look at your first three cards. You may ask for your first bet back or *Let it Ride*. Then, the dealer turns up one card. You may ask for your second bet back or *Let it Ride*. The second card is turned over by the dealer. Both community cards are now exposed.

All winning hands are paid according to the payout schedule (pair of 10's or better, two pair, etc.). Players who fail to attain a pair of 10's or better forfeit whatever bets were not withdrawn. A player who receives a hand consisting of a pair of 10's or better will receive a basic game payout.

Players may wager an additional \$1 per hand to participate in Let it Ride Bonus and receive certain immediate bonus payouts.
